2 **Chippy:** Something horrible happened to my son Charlie last winter.

Chuck: **B What happened?**

Chippy: A branch fell off a tree.

Chuck: **A Why did it fall off?**

Chippy: It fell because it was too heavy. The branch was full of nuts and seeds.

Chuck: **A Who put the nuts and seeds inside the branch?**

Chippy: I gathered lots of nuts and seeds and put them in the branch.
I gathered too many.

Chuck: **C Why did you gather so many?**

Chippy: Because I wanted to have enough food for my family. But I wasn't fair.
I saved too much food, and the other chipmunks didn't have enough.

Chuck: **C How did the other chipmunks feel?**

Chippy: They felt hungry and weak and sick. They were very thin.
They weren't strong. But they helped me.

Chuck: **B How did they help you?**

Chippy: They worked together and moved the branch.
They helped Charlie. They helped me, and I felt very sorry.
This year I'm not so greedy.

Chuck: **B Are you sharing the food with everyone?**
